

# Enhance your wine filtration efficiency and capacity now

As a wine filter manufacturer (OEM), you are likely seeking ways to enhance filtration, boost capacity, and improve customer efficiency. The time to act is now. Our Pentair X-Flow R120 Membrane Element is the perfect solution to upgrade your R100.

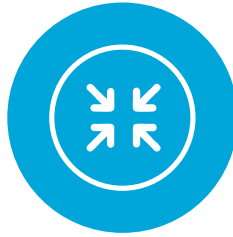

## EXCEL IN TODAY'S WINE FILTRATION

**2 Weeks

**Cost  
Efficient**

### HIGHER EFFICIENCY

The R120 offers up to 30% more filtration capacity than the R100 with the same number of modules, thanks to its larger membrane surface area.

### SMALLER FOOTPRINT

The increased surface area inside the membrane module allows the R120 to achieve the same capacity as the R100 but with fewer modules.
